### Services offered in 2018

### **Our Mission Statement**

To mobilize resources, build partnerships and develop the capacities of our community in Lebanon while promoting targeted education, affordable healthcare, workable startups, sustainable development and secured livelihoods.

### **OUR SERVICES**

The systematic approach to maintaining and improving the quality of patient care within our primary health care program is at the core of every effort done.

Vocational training at Makhzoumi Foundation is organized very systematically on the basis of vocational groups. A vocational group includes trainees whose work activities are based on similar technical skills and who need related expertise in order to perform their job.

We provide financial and non-financial services to Lebanese microentrepreneurs who wish to establish or to develop a business activity to increase their income and improve their economic status.

Makhzoumi Foundation is one of the leading NGOs in the implementation of development projects that focus mostly on the environment, civic engagement, awareness and evolution of local communities.

Makhzoumi Foundation Relief Project was initiated in 2011 as an emergency response to the Iraqi and Syrian crisis in Lebanon. The project provides services that include basic assistance, child protection, services related to gender-based violence, to persons with specific needs and street children.

## INTERNATIONAL COMPUTER DRIVING LICENSE

ICDL is the world's leading computer skills certification. So in line with the importance of this international certification and in order to introduce the best practices for computer literacy in Lebanon, Makhzoumi Foundation in corporate coordination teaches and evaluates the trainees according to ICDL international standards.

### **COMMUNITY DEVELOPMENT CENTER (CDC)**

This project is implemented by Makhzoumi Foundation team in Tripoli with the support of the Danish Refugee Council and UNHCR. It facilitates community empowerment and self-reliance between host and refugee communities in Lebanon and provides awareness session for the beneficiaries.

### **ACCELERATED IMMUNIZATION**

Makhzoumi Foundation under the leadership of the Ministry of Public Health and UNICEF implemented AIA phase 2 to reach measles affected cadasters and most vulnerable cadasters that were not reached in phase 1. The target is all families having children from 0 to 15 years living in the identified cadasters.

### CARDIOVASCULAR RISK REDUCTION

NCDs are the leading causes of morbidity and mortality worldwide. People with non-communicable diseases or at risk of developing one, require long-term care that is proactive, patient-centered, community-based and sustainable. Such care is delivered at our primary health care center over five years.

### **EPHRP**

In this project, 1500 persons are registered with Makhzoumi Foundation along 3 years, preventing them from falling into poverty caused by illness and giving them the opportunity to lead healthier, more productive lives through preventative health packages based on their health status.

#### **CITI FOUNDATION AWARDS**

For the 10<sup>th</sup> consecutive year, borrowers have won prizes from Citi Foundations Awards. This year, five of the MC borrowers have taken prizes.

## THE HEALTHCARE PROGRAM BY NUMBERS...

<sup>\*</sup>Other healthcare services include Electro-Cardiography, screening for non-communicable diseases, intra-muscular injections, and others.

### The front door

### To a good health

Makhzoumi Foundation primary healthcare program is committed to delivering excellence in healthcare by providing accessible, high-quality, patient-centered services in the community. The program has the scale, people and drive to lead. During 2018, the program undertook a detailed review of all its services to ensure it can meet the commitment aims. It now has a good comprehensive plan for transformation and improvement.

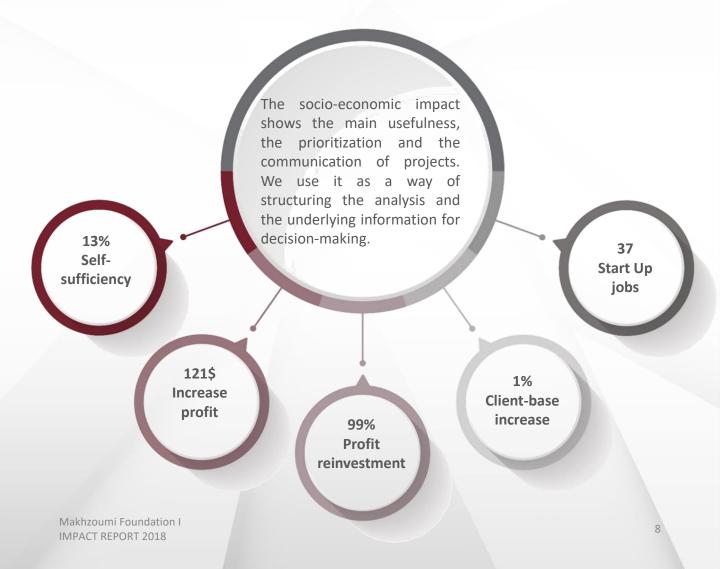

## THE MICROCREDIT PROGRAM...

Makhzoumi Foundation MicroCredit program stresses on the importance of the socio-economic impact as a quantitative evaluation of the utility of its entrepreneurs projects. This allows us to reach the goal where social, environmental, economic and financial impacts can be measured in a monetary unit. The goal is to have a positive economic

impact on the lives of the borrowers. 13% of our beneficiaries are reaching self-sufficiency while the increase of profit is \$121. The profit re-investment in the activity is 99% compared to 86% in 2017. Our client base increase in 2018 is 1% and new startup jobs created increased from 14 in 2017 to 37 in 2018.

### With 95% OF THE BUSINESSES ARE SUSTAINED

## The DEVELOPMENT PROGRAM

### WE KEEP SUSTAINING

Sustainable development is maintaining a delicate balance between the human need to improve lifestyles and feeling of wellbeing on one hand, and preserving natural resources and ecosystems, on which we and future generations depend on the other. In 1997, along with establishment of Makhzoumi Foundation, programs, namely Agriculture, Awareness used to Environment and implement many projects often partnership with local and international

organizations. In 2014, and in line with the growing importance of Sustainable Development with its main Environmental, Social and Economic elements, the two programs were merged into one, the Development Program. Our objective is to improve the environment as a valuable asset and to focus on empowering women, children and youth to enforce their role as active and responsible citizens who affect change in their communities leading the road towards sustainable development.

### Ongoing Projects

**AGRO-FORESTRY**: The Agro-Forestry Nursery continues to produce trees and plants that are offered to municipalities, local NGOs, and communities countrywide.

**YALLA NEFROZ**: Makhzoumi Foundation paved the way for this initiative through awareness raising activities and recycling bins for non-organic wastes in front of its centers.

**CHILD & YOUTH AWARENESS SESSIONS:** Makhzoumi Foundation's dedicated a team for awareness raising, particularly for children.

**THE GREEN DEMONSTRATION ROOM**: Because raising awareness about the environment is among our main concerns, a visit to the Green Demonstration Room in Jounieh, a specialist center for the dissemination of green building culture.
