Context

What's happening in Lebanon?

- Since 2 March, at least 3,613 people have been killed and 11,072 injured.
- Despite the declared and renewed ceasefire, the situation remains unstable, with continued airstrikes, insecurity, and restricted humanitarian access.
- Five new displacement orders affected 17 localities across Bekaa, South and Nabatieh, causing new population movements.
- On 7 June, around 4,000 families were displaced in Nabatieh, 30,000 people in South governorate, and an estimated 200,000 people from Beirut's suburbs.
- As of 8 June, 134,800 displaced people were registered in 639 shelters.
- Collective shelters in Beirut, Tyre and Saida are at full capacity, while shelters in the North governorate still have capacity.
- Many displaced families are staying in open spaces or temporary tents, increasing humanitarian needs.
- Basic services remain under pressure, including food, WASH, shelter, health, education and protection.

Our Response by Activities

Essential Relief Support

Distribution of core relief items including mattresses, blankets, sleeping mats, and water to help families create safer living conditions inside temporary shelters.

Food & Basic Daily Needs

Provision of hot meals, food items, and eating utensils to support displaced families with their daily nutrition and basic household needs.

Health Services

Delivery of primary healthcare consultations through the primary healthcare center and mobile medical teams reaching people in shelters and host locations.

Hygiene & Dignity Assistance

Distribution of hygiene and dignity kits to support personal care and maintain dignity for women, children, and vulnerable individuals.

Energy & Infrastructure Support

Installation of solar lamps, provision of generators, and fuel to improve lighting and ensure safer living environments in displacement locations.

Psychosocial Support & Protection

Organization of psychosocial support sessions, psychological first aid activities, and safe spaces for children to help families cope with crisis-related stress.

Community Engagement & Outreach

Ongoing support through community activities, support calls, and field visits to identify needs and connect families with available assistance.

Volunteer Mobilization

Coordination of volunteers and field teams working across multiple locations to deliver rapid humanitarian assistance to displaced families.

Delivering Essential Healthcare in Times of Crisis

During the recent crisis in Lebanon, Makhzoumi Foundation mobilized its healthcare network to ensure that displaced families and vulnerable communities continued to receive essential medical services.

The Primary Healthcare Center (PHCC)

With the support of the MoPH PHC Network and partners such as PUAMI, the PHCC ensures continuity of care throughout the crisis. A dedicated team of doctors, nurses, and healthcare professionals provide a wide range of services including medical consultations, laboratory testing, radiology services, routine vaccinations, and access to essential medications.

Primary Healthcare Satellite Units (PSUs)

To ensure that healthcare reaches communities where it is needed most, Makhzoumi Foundation deploys its mobile teams to support displaced families in shelters and host communities. They provide accessible primary healthcare services, including medical consultations, health screenings, and follow-up care for non-communicable diseases such as diabetes and hypertension. Special attention is given to elderly patients and individuals with chronic conditions.

ACT NOW FOR LEBANON

Emergency Response Appeal 2026

DONATE NOW

TOGETHER WE RISE AGAIN

Through our Emergency Response Appeal 2026, we are mobilizing critical resources to expand our lifesaving programs and ensure that families affected by crisis receive the urgent support they need.

Your contribution will help us provide:

- » Essential medical care and mobile health services
- » Food assistance and relief supplies for displaced families
- » Safe child support activities in shelters
- » Protection and psychosocial support for vulnerable individuals
- » Community-based humanitarian assistance across affected areas

**Every donation helps restore dignity, stability, and hope for families navigating uncertainty.
Together, we can ensure that no one is left behind.**

Thank You!

Together with our partners, donors, and dedicated volunteers, we reaffirm our commitment to stand with the most vulnerable and continue delivering hope where it is needed most.
